

INTERVIEW QUESTIONS
Logistics Management Specialist GS-0346-11

1. What computer systems and software products you have used? For what were they used? How competent are you in their use? In addition, describe your experience with OIS-W/OIS-R/ROLMS.
2. Share an example of a time you represented your organization to another person or organization in person, in writing, or by telephone in a difficult situation or circumstance. How did you deliver the information and how was it received? What was the end result?
3. Tell us about an experience in which you analyzed information and evaluated results to choose the best solution to a transportation related problem.
4. Share an experience in which your ability to determine alternate courses of action (think outside the box) provided an improvement to a work process.
